Our teaching sessions are not confined to the four walls of a classroom. Munnar – an ideal location

Munnar, the most genteel of Kerala hill stations carries the footprints of early British settlers who discovered and tamed the hostile terrain till then un trodden by man. It is not difficult to understand why the British chose this unspoilt, clean, green hill station with its cool climate as their summer capital. Calm and quiet, it is far away from the bustle of the city. Rolling tea plantations, misty mountains, crystalline springs, low flying clouds and silky grasslands make Munnar an ideal location for a professional residential educational institution.

The Management – with a vision

Munnar Catering College is established by Thachankary Foundation, a trust registered in the state of Kerala with a vision of giving a new dimension to Hospitality education, that no one has ever experienced before. The Management is determined in maintaining an excellent academic ambience, discipline and environment, in a campus ideal for an educational institution of excellence.
Munnar Catering College is promoted by the multi-faceted Royal Group of Companies, Cochin that has diversified business activities in various fields including Education, Aviation, Shipping, Advertising, Plantation, Consultancy, Communication, Hotel, Resorts, Travel and Tourism. The group is known for its impeccable services, excellent performance and diversification and now enjoys an enviable position. The reputation of the Company is built on reliability and efficiency achieved by rendering excellent services for over two decades.

**Royal Group & Hospitality Industry**

The entry of Royal Group into the hospitality industry was signaled by the opening of an ethnic village resort, ‘Royal Village’ in the suburbs of Cochin. The century old traditional Farm House which stands as a testament to ancient Kerala lifestyle, attracts domestic and international tourists alike and symbolizes the desire of the group to preserve and protect the culture and heritage of our country.

The flagship hotel of the group, ‘Fort Munnar’ conceived under the concept of eco friendly holidaying, stands tall with its exquisite colonial architecture blending with the picturesque surroundings of Munnar. It is best known for its personalized and intimate services. This luxury hotel with its exceptional five-star facilities, may perhaps be the only one of its kind in the state with a state-of-the-art discotheque and Star Gaze gallery.

All the above properties and the upcoming new properties, in prime tourist locations in the state, are together known as ‘Royal Group of Hotels – for the rich and famous’ - well known in the fields of hotel, travel and tourism all over India and abroad.
Aviation Division

The appointment of the Group, as GSA for the state of Kerala, by many private airlines, has put jewels on the crown of the Royal Group. For many years the group has been involved with Passenger and cargo handling, Ticketing, training and recruitment of staff, marketing and all in-state promotional activities for these airlines. In addition the group is the exclusive marketing & handling agent of holiday packages for various airlines.

Shipping Division

When international airfares soared sky high, it was Royal Group, that took the initiative to start the first passenger ship service between India and the Gulf countries. It was extremely helpful for the expatriate community and tourists alike. The only private container freight station functioning in the Cochin harbor area, ‘Asian Terminal’ belongs to the group.

Education

For Royal Group the field of education is not new. By the beginning of the eighties, before the policy of liberalization and globalization was heard of and at a time when new products and technology with foreign tie up were poised to enter the Indian market and when there was acute shortage of trained manpower, Royal Group was quick to take initiative in establishing job oriented courses in the state. Thus was born ‘School of Engineering’. By conducting Kerala Government Engineering courses, in different streams at Trivandrum and Cochin for over a decade, the education division of Royal Group had marked their presence in the field of Technical Education.

Munnar Catering College, with its different divisions, functions in a multi level operating system imparting courses in Hospitality Management at various levels.
